

Community & Southern Bank

900 Atlantic Ave.

Bremen, Ga. 30110

If you are talking to Dave Goerke & Associates to design and or build you a data center you are talking to the right company.

Dave designed, demolished, and re-built a data center for us in an unbelievable seven weeks from start to move in ready.

We are a fast growing bank located in Georgia and had out grown our current data center. Dave came to the rescue and was able to deliver all the resources that were needed working with local contractors and contacts that he has known for years to deliver our move in ready data center in an unbelievable seven weeks time frame.

From data racks to furniture to fire protection systems Dave's company can deliver anything you need and on a timely basis.

Dan Butler

Corporate SVP & CIO
